Post-Secondary Education & Training Scholarships

The Montgomery County Intermediate Unit Education Foundation (MCIUEF) grant program awards scholarships to public school students to permit the student to further develop and thrive in the post-secondary environment and to successfully enter and compete in the labor force upon graduation from trade schools, apprenticeship programs, community colleges or universities. Average scholarship amounts will range from \$300 to \$500. Lesser or greater amounts may be awarded upon application review.

ELIGIBILITY

The Foundation invites Montgomery County **public school** students **with a current active IEP and who is a graduating senior who participated in special education support services this school year** from a Montgomery County high school/vocational-technical school, PDE approved private school, or “nontraditional” public school settings to apply.

- Signature of school Principal verifying current IEP and that the student is a graduating senior with special education support services
